

Lupus Awareness Month is May and RocknBauble.etsy.com announces its Support of Lupus Awareness Month with a Donation of 10 Percent of the Proceeds from the Sale of its Lupus Awareness Jewelry.

Lupus Awareness Month is May and one of several observances promoted by the Lupus Foundation of America. RocknBauble.etsy.com announces it will support Lupus Awareness Month by donating 10 percent of the proceeds from the sale of its Lupus Awareness Jewelry line. Custom Lupus Awareness bracelets, necklaces, earrings and book thongs are being offered through the RocknBauble storefront located on the ETSY.com website. "I am excited to assist this cause with creating custom Lupus Awareness Jewelry and donating part of the proceeds to help support Lupus Research," said Andi (Lupus Jewelry Artist). Jewelry for all awareness colors and causes is available with a percentage of the proceeds to be given to the cause the particular piece represents and we will place an emphasis on Lupus this month.

About Lupus Awareness Month:

Lupus Awareness Month is one of several observances promoted by the Lupus Foundation of America (www.lupus.org) to increase visibility for lupus. Beginning in 2008, the LFA and its chapters have designated May as Lupus Awareness Month to incorporate other related events into the observance. The Lupus Foundation of America estimates that 1,500,000 Americans have a form lupus. This estimate is based on two nationwide polls, which asked respondents if they, or anyone in their immediate household, had ever been diagnosed with lupus. In addition, another poll revealed that 28% of all Americans know someone with lupus. Lupus is a chronic autoimmune disease that, for unknown reasons, causes inflammation and tissue damage to virtually any of the body's own cells, tissue, and organs - especially the skin, joints, blood, heart, lungs, kidneys, and brain.
